## THE 5th DIMENSION

### Get to Know the Family

Every year, our passengers tell us that our cruise is like a family reunion. In fact, many have shared that the community built on ship is one of the best parts of sailing on a Concerts at Sea cruise! Still on the fence? You can learn more about the Concerts at Sea family and make connections through our Facebook page searching: "Concerts at Sea" or clicking the button below!

### Artist Spotlight: The 5th Dimension

In 1967, a little-known vocal group called the 5th Dimension recorded the song "Up, Up and Away" which catapulted the group to instant stardom. Countless magazine covers, world tours and several Grammys later, the 5th Dimension is recognized as one of the most prolific soul, R&B groups in musical history. The 5th Dimension has made over 25 million in sales with 22 Top 40 hits and five No.1 songs, including "Up, Up and Away," "Wedding Bell Blues," "One Less Bell to Answer," "Last Night I Didn't Get to Sleep At All," and the iconic "Aquarius/ Let the Sunshine In". They have performed on the world's most famous stages, including Radio City Music Hall alongside Frank Sinatra and the Hollywood Bowl, and delivered unforgettable television performances on the

## Concerts at Sea Producer

Welcome to the 3rd edition of our Concerts At Sea newsletter. It feels great to share some positive news! Princess Cruise Lines along with all ships under the Carnival Corporation umbrella have announced their first steps in their Enhanced Health Screenings & Terminal Sanitation. At embarkation, all guests and crew will be

required to participate in mandatory health screenings that will include thermal scanning to check temperatures. Guests and crew with symptoms of illness will be denied boarding. All terminals will be thoroughly sanitized before and after each embarkation. **Sanitizer Everywhere:** Princess will be actively enforcing hand-washing and/or the use of hand sanitizer at the entrance of all guest and crew dining venues. Princess is also adding additional sanitizer dispensers in high-traffic areas around the ship. **Elevated Sanitation:** In addition to the already existing rigorous daily cleaning regimen, Princess is establishing supplementary sanitation and cleaning measures on board all Princess ships. This includes more frequent sanitization of all frequently hand-touched surfaces in public areas, from tables and chairs to casino chips and fitness machines. Princess will also use hospital-grade disinfectant solutions known to immediately kill all traces of COVID-19 in public areas and when cleaning guest and crew staterooms. **Enhanced Medical Protocols & Preparedness:** Every Princess ship sails with a highly capable Medical Team. Princess Doctors and Nurses have received special training on COVID-19. Any individual experiencing symptoms of respiratory illness will be encouraged to visit the Medical Center for a complimentary medical consultation and, if appropriate, screening for COVID-19. This is just the beginning - Princess will be announcing additional health and safety procedures to keep everyone safe and well! Concerts At Sea strongly suggests the purchase of travel insurance to protect your vacation investment, plus cover you should you need any medical needs while on your trip. Contact your booking agent for more details.

Until next month,

Stay Well,

Stay Safe, and

Keep Rockin'

Ed Sullivan Show, Soul Train and The Tonight Show with Johnny Carson. The 5th Dimension has secured its position in the Grammy Hall of Fame, with 14 gold records, six platinum records and six Grammy Awards. In 2015, The 5th Dimension celebrated 50 years of extraordinary entertainment. Original member Florence LaRue and company continue to deliver dynamic performances that stand the test of time and captivate audiences from Las Vegas to Manila, Philippines. While remaining true to their original, five-part harmonic sound, The 5th Dimension remains versatile, attracting audiences of all ages and nationalities. Within the last decade, The 5th Dimension has taken the stage with several prestigious symphony orchestras, entertained at the White House and performed for families at Disneyland in California and Disney World in Florida, demonstrating the groups diverse appeal. The iconic group continues to sell out venues across the United States, Europe and Asia. According to a recent review by White Plains Citizens, "[The 5th Dimensions'] voices and harmony are stronger, more emotional and as meaningful, perhaps more meaningful than when they first became hits in the 1965-1975 era. Today's Dimensions deliver a tight, personal show, as crisp as old top 40 Radio."

# Cozumel

## Must See & Do...

**Sights** — Deserted beaches on Cozumel's rugged east coast; sea and jungle vistas in the Faro Celarain Eco Park; the Maya ruins at San Gervasio.

**Museums** — The Museo de la Isla de Cozumel with its haunting Maya sculptures; the Navigational Museum with its unique navigational exhibits; the San Miguel Pax Music Museum with its collection of almost 1,000 different musical instruments from around the world.

**Memorable Meals** — Pasta with fresh seafood in Guido's romantic courtyard.

**Late Night** — Frolic and fun at Senor Frog's and Carlos'n Charlie's; break a sweat dancing at OFF Site; street festivities during Carnival.

**Walks** — The Malecon, San Miguel's pretty seaside promenade; the botanical gardens in Parque Nacional Chankanaab; the seaside trails and views of Mayan ruins in Faro Celarain Eco Park.

Cozumel, Mexico, should not be compared to Cancun, the splashy resort just 40 mi/65 km to the north and one of its nearest neighbors. In the past, Cozumel had a laid-back, sedate atmosphere, and its superior fishing, snorkeling and diving gave it a definite edge.

Today, Cozumel retains its unique vibe and remains a better choice for those who don't like planned resorts, but the island is no longer an escapist's paradise. The snorkeling, diving and fishing are still great, but no one would mistake present-day Cozumel for the sleepy backwater it once was.

One reason is cruise ships. Cozumel is the most popular cruise stop in Mexico and has hosted as many as 33 ships in one week. When more than one ship looms on the horizon, Cozumel's restaurants, bars and shops fill with day-trippers.

Still, Cozumel can be fun, especially for travelers interested in exploring its coral reefs on scuba and snorkeling outings. After all, it's home of the largest reef in the Americas. The island's only town, San Miguel, has retained much of its pleasant, small-town atmosphere. Those with enough time for a day trip will find the Mayan ruins of Tulum and Chichen Itza, on the Yucatan mainland, within striking distance.

# Enchanted Princess: Crooners Lounge

## Marvelous Martinis and Melodies

Step into Crooners bar and be transported to the classic Sinatra era, made complete with a top notch pianist croonin' tunes and tinkling the ivories. The "Rat Pack" atmosphere and famous menu of signature martinis, old-school mixed drinks and frosty daiquiris, margaritas and colodas will have you singing. Talented mixologists impress with their cocktail-making prowess and tequila and whisky tastings that will turn you into a connoisseur.
